

## NABP Field Services

**T**he Field Services Department was formed in late 2008 to create an organized structure through which NABP can provide:

- ✓ Field support to NABP's existing and future accreditation programs by managing and overseeing surveyor activities
- ✓ Legislative and regulatory support to the boards of pharmacy relative to NABP's accreditation programs and services

Specific field support functions include:

- Survey planning/coordination functions for Accreditation Department
- Survey and document review functions for Accreditation Department
- Quality assurance of surveyor activities
